Joe Gans declares his belief that Nelson fouled him intentionally, knowing that he had no chance to win. The negro says that he was comparatively fresh when the foul blow was struck and was sure of winning. Had he not broken a bone in his right hand in the twenty-seventh round he says that he would have finished the Dane before the thirty-fifth round. ## FIGHTS CAUSE TWO DEATHS

Disputes Over Gans-Nelson Scrap Result in Two Persons Being Killed.

Chicago, Sept. 4.-Violence and in one New York instance murder, was the result of the McGinnity race excitement that developed while the returns from the Gans-Nelson fight were of lawlessness that broke out at fre-quent intervals as the partisans of one or the other of the fighters ventured an

opinion.

In one case a drunken negro, overhearing a remark from two others of his own race that did not suit him, whipped out a revolver and killed one of the men and wounded the other. In other parts of the city negroes were the victims of bettors who lost money on Nelson. In South Chicago a fight between blacks and whites resulted in the severe beating of four negroes and the arrest of forty men. In another instance a negro on his way home was pursued through the streets and attacked as he fell exhausted on the
